In Memoriam-

"Let the word go forth, from this time and place, that the torch has been passed to a new generation of Americans, born in this century . . . disciplined by a hard and bitter peace, proud of our ancient heritage, and unwilling to witness or permit the slow undoing of those human rights to which this nation has always been committed. In the long history of the world, only a few generations have been granted the role of defending freedom in its hour of maximum danger. And so my fellow Americans, ask not what your country can do for you. Ask what you can do for your country. My fellow citizens of the world, ask not what America will do for you, but what together we can do for the freedom of man."

John Fitzgerald Kennedy
Inaugural Address

Dedication

All students will recognize him as "that man who takes the yearbook pictures," but to the members of the yearbook staff he is more than that. As a photographer Mr. Gilbert is claimed by many schools, but he really belongs to Tigard. He takes every opportunity to urge students to do their best, and a little more. He shows true concern for the quality of our yearbook by taking two pictures when we ask for one. In his own words, Tigard is his "first love." Without his fine work our yearbook could descend to the plane of mediocrity, yet Mr. Gilbert is more than just a photographer: he is a friend that the staff will never forget. As he works, he sings; perhaps it's because he likes to sing, or it could be his way of "counting to ten." If he feels grouchy, he makes jokes so that we will laugh. If he thinks things have been going well, he sends someone to get apples. When he is thirsty, he buys the whole staff cokes.

This staff will be gone at the end of the year, as all staffs, but Mr. Gilbert and his fine pictures will stay at Tigard and will be remembered always.

It is to you, Mr. Gilbert, that we dedicate this Ti-U-Tiger.

MR. GENE GILBERT

 in the future!
 P.S. and
 with me. Fun*

Kaleidoscope literally means "a tube containing unique fragments of colored glass reflected to form changing symmetrical patterns." Like the kaleidoscope, life forms patterns that shift and adjust to become new patterns. Our existence is one of movement. As the patterns of the world change, our lives must adjust to its progress. Educational systems change and adjust also. The image of the school changes as generations pass and are replaced. Our school life is our kaleidoscope, and here are the pieces—the moods, the faces, the joys, the angers, the excitements, the frustrations, the pains—fragments of a changing life.

We thank The Tigard Times and Meyer Brothers for taking this picture for us.

Tigard's Scottish dancing group, the Highland Lassies, entertain at school and community functions. In the four years since the group was organized, the membership has increased from 9 to 20. The girls wear the Royal Stewart Tartan. The Clan McCleay piping band has often asked the lassies to dance with them. They performed for the annual "Music by Moonlight" festival at Washington Park sponsored by the Bureau of Parks and Recreation, the Lloyd Center Anniversary Celebration, the Tartan Ball at the Sheraton Hotel, and the yearly piping and dancing competition at Timberline.

The yearbook is the story of the year. A record of school events, it serves as the memory book of the students. Planned to be of more value twenty years hence than now, it will enable a student to recall "the best years of his life," and names and faces that have grown hazy with the passing of time. It is one of the most permanent records of the year, portraying school life and the school plant for the community as well as for the students.

Tigard Welcomes Exchange Student Under A.F.S. Program

Our exchange student, Payayieta (Peggy) Bekiri comes from Patros, Greece. She is spending a year in Tigard with the James Aitken family. Peggy says, "The faculty and students of Tigard High School have made this year most wonderful for me. Everyone has been very kind. I hope all exchange students have been as happy as I."

R. Robinson gives students' Christmas present to Peggy. Students donated money so Peggy could telephone her family in Greece.

Peggy shares Beatle magazine with her American sister, Sarah.

Peggy and Sarah show musical ability.

Students share in Peggy's birthday celebrations.

Sports

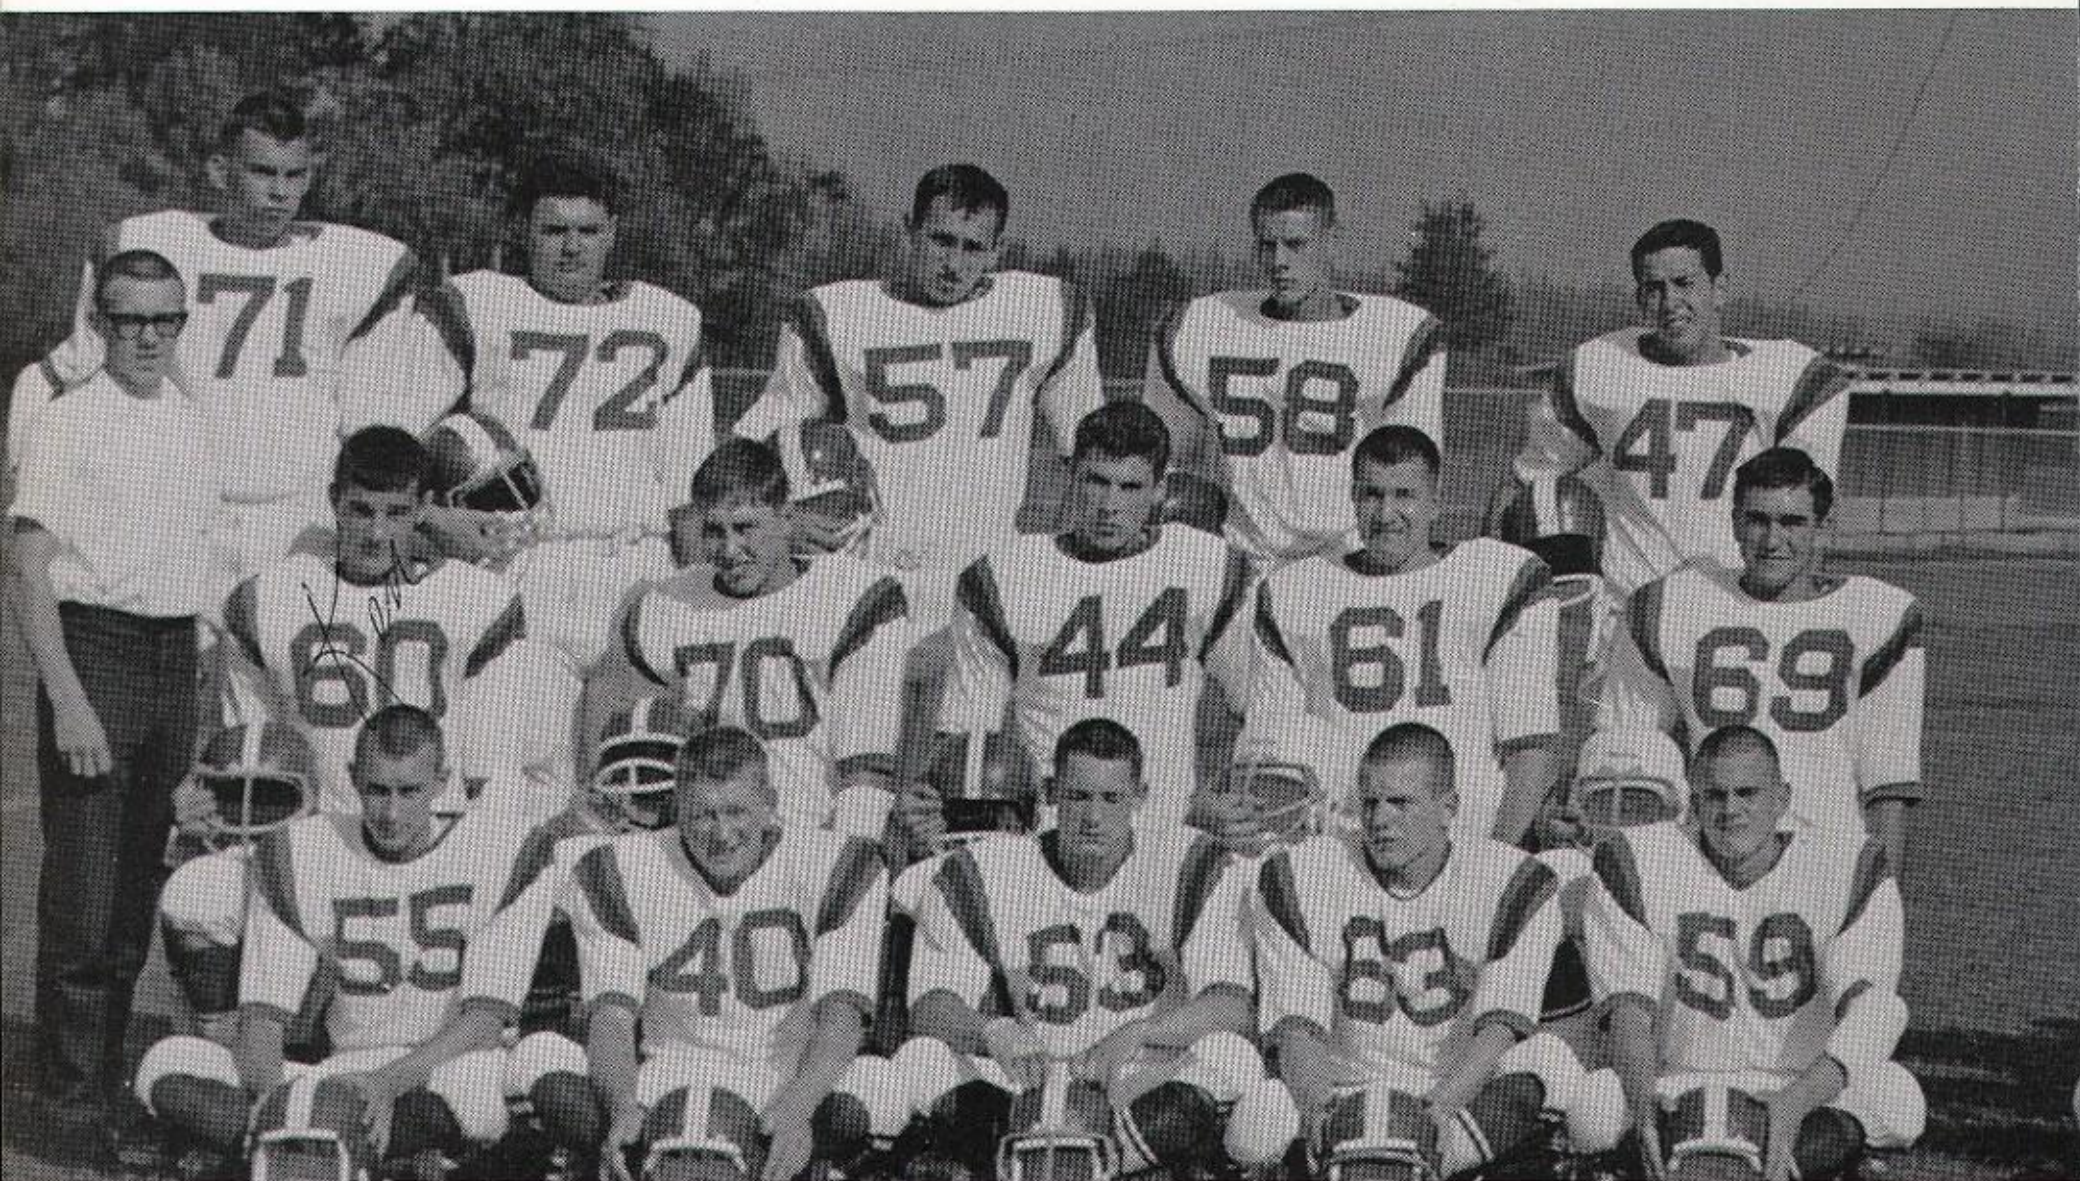

1963-1964 has been an especially successful season for Tigard High. Many school and league records were broken. Tigard captured league championships in football, basketball, baseball, golf and track. Players from all of these teams were nominated for All-Star places, and members of the basketball, baseball, track, golf, wrestling, and swimming teams participated in state play-offs.

Sports form an important part of our kaleidoscope because sports have a special place in our lives. Sports give us exercise and relaxation, entertainment and an opportunity for participation. There is always a special tingle of expectation before a contest, which becomes the excitement of victory or the emptiness of defeat.

"The 1963 football team is the best ever in the history of Tigard High School. The Co-Championship we won represents the highest a Tigard team has ever placed in the TYV standings. There were five teams which were capable of winning the title. As it turned out there was a two-way tie for first place, a two-way tie for third place and a two-way tie for fifth place.

Certainly this team deserves a lot of credit. They showed courage, spirit, desire, and determination in coming from behind at times and at other times in holding off possible opponent scoring attempts. The fact that only about 16 or 17 boys played most of the games makes our Co-Championship finish even more creditable. There are several boys on the squad who could play college ball for many of the colleges in the State. It certainly has been an honor to have been a part of this team."

Tigers Eliminate Viks From Tourney

McARTHUR COURT, Eugene—Tigard, at times running the Linfield offense better than Linfield, and Klamath Falls gained the consolation semifinals here Thursday. Tigard beat North Salem 88-75 in the highest scoring game in tourney history—163 point total eclipsing the mark of 156 set by Lincoln and Mac-Hi 13 years ago. And the Pelicans sent Baker home first 60-47.

But the record Don Porter's go-go Tigers wanted most refused to fall. They were after the 90 mark set by Lincoln in that same 1951 game.

North Salem (75) Tigard (88)

Unbelievable Tigard came from far back to whip Medford 86-79 Saturday and take not only the A-1 tournament fifth place trophy home but tournament scoring records as well.

The Tigers, runner-up a year ago, became the highest scoring team ever in the tourney and broke the mark in the highest scoring game on record.

They ran up 326 points in four games, the go-for-broke Tigers breaking the old mark of 294 set in 1963 by The Dalles.

They also go into the record books jointly with Medford, the total score for the final game of 165 bettering by two a mark set when Tigard beat North Salem 88-75 earlier in the tournament.

Despite averaging 81.5 points a game through the tournament, Tigard never could quite equal the individual scoring mark for a game of 90 points, falling short by two points once and three another before missing by four this time.

tory, and now need only 55 points in Saturday's final to break the tourney team record of 294 set by The Dalles in 1953.

Tigard missed the team scoring record of 90 by three after getting within two of it in Thursday's 88-75 win over North Salem. Only early substitution by Coach Don Porter kept the Tigers from that record.

THE PELICANS led 2-1 and 4-3 and then fell as much as 22 points behind the run-run Tigers before leaving the floor for halftime on the short end of a 47-28 count. Bill Streich scored 16 and Larry Sapp 14 in the first half.

Administration

The administration is the framework of our kaleidoscope of school life. Just as each piece of the kaleidoscope is unique, each teacher and administrator is an individual. The student responds to each teacher as an individual. This gives the teacher profound influence in the shaping of the student's ideas.

Board of Education, Administration

The educational philosophy of Tigard Senior High School, being a public instrument of the community, recognizes the sharing of the responsibility with the home and the church to provide for the secondary youth of our area an educational program which will help each individual student to meet, assume, and solve his problems and to accept his obligations.

We believe that the general purpose of education is to help each individual become a happy, well-adjusted member of our society through the mastery of fundamental skills, an ability to make good decisions, a knowledge of the principles of democracy, and the development of moral, ethical and spiritual values.

The strength of our nation is directly dependent on the fullest development of our human resources. Rapid technological advances, automation, the explosion of knowledge and world problems make it imperative for a comprehensive high school to find new approaches and to implement the curriculum with programs designed to meet the needs of youth.

In view of this challenge the school has adopted new methods of instruction in biology, chemistry, mathematics, foreign languages and the social studies. Curriculum offerings have been increased to include courses in electricity, consumer economics and Business law.

"I know this is Mickey Mouse, but . . ."

". . . and just what's your modern problem?"

"A man's library is his castle."

Physics and Chemistry courses have become almost "a must" for students planning college study.

Drama students "make-up"—learn platform presence.

Vocational,

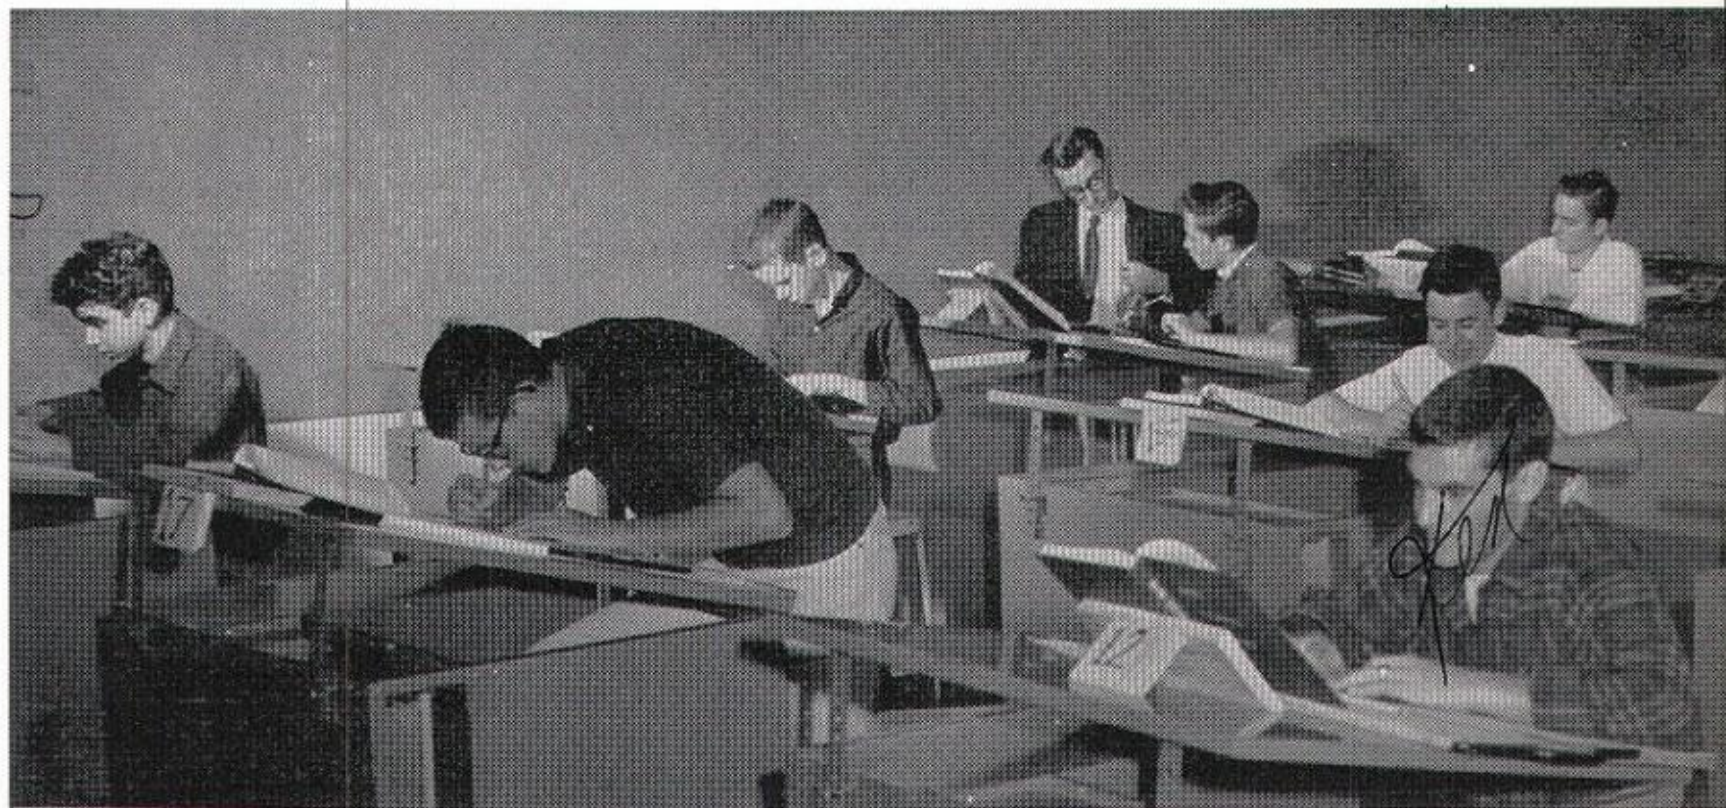

Approximately 30% of each graduating class go directly into secretarial work. One of the commercial courses instructs in the use of modern business machines.

Almost every student learns to type with about 40% doing advanced study in one or more of the courses offered in bookkeeping.

Science Courses Lay Foundation for Future Careers

Boys make structural blue prints to discover and develop talent, and supply practical technical knowledge.

The trampoline is one medium through which the girls learn physical grace and dexterity.

Biology students here clean and put away equipment after "a do and learn" experiment.

Vocational Courses Attract Large Enrollment

Besides culinary arts, girls study serving, home management, child care, interior decorating.

Boys learn principles of woodworking in Industrial Arts program which includes courses in electricity and mechanical drawing.

And So, 'This Is the Year That Was - 1963-'64'

Seniors turn in caps and gowns after "perfect" graduation exercises, and with diploma, final grades, and honors in hand depart for "greener pastures".

Patty Boo-
 she had a
 real fun time
 as getting acquainted
 with sophomores. I'll
 never forget those games!
 slope this year! Have fun and
 be good and study real hard!
 Help me keep busy & happy -
 Love ya -

Patty Boo,
 Kon nichi wa = Hello!
 Taiko

Pat
 Be good!
 (I can't think of
 anything to say)
 Bye for now,
 Jeri

Pat:
 To a real cool
 kid. Have fun
 as a Junior and
 Senior. Maybe
 we can even get
 to know each other
 better this year.
 Best of Luck in
 everything.
 Don Schuchert

PAT
 If you would do
 me one favor this
 whole year would
 be a success.
 Use your head - or -
 Put Brain in gear before
 putting mouth into motion.
 Dodge

Patty Boo,
 I crawl in now & you're
 asleep gear we have
 last gear of nuts!
 that a lot of nuts!
 the doesn't gear it?
 last gear is going to be
 this gear I tell you
 better tell you but useless
 I'd summer
 not kinda
 be kinda
 You & gy

Pat
I don't know you
to well, but your person-
ality I know, is very likable
and you are a hit with most of
the junior class and me.
Jeff Rankin

To one of the
prettiest girls at
rigard - I had one of the
best times of my life
when we all took that
trip up to 'Frog Lake'
(yuh yuh)

Have fun this year
& I know we'll have
alot of fun together
this year
Love
Carol

you're trying to do
class I was in
around the school
heard the girls
hope to see you
at home again
